

THE "RECYCLE CHALLENGE" PAYS CASH FOR ALUMINUM BEVERAGE CANS TO OUR PARKWAY SCHOOLS

The aluminum can drop off containers are the perfect way to turn trash into cash for our participating Parkway schools. Look for the community drop off container at one of your local Parkway schools. Pound for pound, every can will help to provide discretionary funds to the school. In addition to raising funds for the school, recycling aluminum cans also saves significant energy and reduces landfill wastes. Simply participate by dropping off your aluminum cans while running errands or when dropping off your child at school.

Participating Parkway Schools

Barretts Elementary
Carman Trails Elementary
Craig Elementary
Hanna Woods Elementary
Oak Brook Elementary
Sorrento Springs Elementary
